

Creating a quality after-school system that supports your critical role as a youth development practitioner.

What's Inside Your Toolbox? Understanding the Next Steps

Mini-grant Proposals

Wed., April 1st, 2015
9 a.m. to 10 a.m., JCA Training Room,
12320 Parklawn Drive, Rockville MD 20852

The Montgomery County Collaboration Council is currently accepting mini-grant proposals for a Professional Development Implementation Plan from organizations operating out-of-school time programs in Montgomery County.

The purpose of the funding is to help organizations support the use of the new Core Competencies Toolkit in relation to their professional development efforts to cultivate high quality staff leading to high quality programs.

Interested applicants are invited to attend an information session on the mini-grant application and Core Competencies next Wednesday April 1, at 9am. Join us for a light breakfast and informal question and answer session during which a variety of issues, including the planning, development, requirements, reporting and review of the submissions will be discussed.

Please RSVP to: www.info@collaborationcouncil.org
