Resources

Montgomery County Core Competencies & Toolkit

http://excelbeyondthebell.org/professional/core_competencies.html

Sponsored by:

Montgomery County Collaboration Council, Career Pathways for Youth Development Practitioners

Description:

Knowledge, skills, abilities—we all need them for our work with youth. Join us in learning how to support staff and serve as role models around professional development plans, building healthy relationships with colleagues and families, providing developmentally appropriate practices, and connecting with and using effective resources.

Participants will take a closer look at how out-of-school time professionals can improve program quality and gain confident, skilled staff by aligning the Core Competencies to their professional development efforts. This webinar will provide some practical tips and will cover the following:

- What are the Montgomery County Core Competencies and why are they important?
- What's inside our Toolkit?
- Who are these tools intended for and why?
- How do you implement the Core Competencies and align them to your organizations work?

Speakers:

Brodrick Clarke, Field Consultant, The Weikart Center for Youth Program Quality

Lynn Sobolov, Excel Beyond the Bell Manager, Montgomery County Collaboration Council

Special Guests:

Ellie Mitchell, Director, Maryland Out of School Time Network

Leah Wallace, Program Associate, The Weikart Center for Youth Program Quality
